

Alumni Reunions

Best Practice

- Annual Reunion v Segmented by Decade
- Critical to have accurate database
- Consistency for date of reunions year to year – eg a reunion season
- Circulate ‘Lost Old Boys List from Class of’ to gather and update details
- Segmenting older year groups for Open Days / Morning Tea
- Host a School Tour and then move to an external venue
- Invite staff of past years who worked with that reunion year
- Easiest database platform – Synergy, SAS
- Pre 70’s or 5 years out should have their own
